The Chief Secretaries of States/UTs
(as per attached list)

Subject: - Plan Scheme of Mainstreaming Civil Defence in Disaster Risk Reduction (2014-17) at a cost of Rs. 290.89 crore

Sir,

I am directed to say that Disasters result in large scale destruction of property, loss of human lives and disruption of normal life in the society. The community invariably being the first responder to any disaster situation, adequate awareness and preparedness of the community to respond to any such emergency/ disaster can be very crucial in mitigating the damage and suffering. Civil Defence, being a community based voluntary organization, can play a stellar role not only in raising public awareness related to disasters but also in building the community's capacity to face the challenges presented by any disaster situation.

2. The Govt of India envisioned that in order to create a mechanism for efficient and effective response to any emergency; whether natural or manmade, a sizable trained volunteer force of emergency workers needs to be available as stand by in all vulnerable urban/rural areas of India. Accordingly, a new Plan Scheme for Mainstreaming Civil Defence in Disaster Risk Reduction has been sanctioned vide Govt of India, Ministry of Home Affairs, Disaster Management Division Order No.-I-45011/22/2012-AD (CD) dated 6th June, 2014. Copy of sanction letter is enclosed which includes the following :-

- (i) Annexure 'A' - List of States/UTs having Existing CDTIs (in Government owned buildings)
- (ii) Annexure 'B' - List of equipments for existing Civil Defence Training Institutes functioning in Govt. owned/rented buildings
- (iii) Annexure 'C' - List of 140 Most Vulnerable Districts
- (iv) Annexure 'D' - Creation of CD setup in 140 Most Vulnerable Districts
- (v) Annexure 'E' - List of equipments for Multi-Hazard Prone Districts
- (vi) Annexure 'F' - List of equipments for basic life support to MHDs and MVDs
- (vii) Annexure 'G' - List of existing 100 Multi-Hazard Prone Districts
- (viii) Annexure 'H' - Community participation in Disaster Management in 240 districts
- (ix) Annexure 'I' - Capacity building

60-60
The total outlay for the Scheme has been fixed at Rs. 290.89 Crore and the Scheme is to be implemented during the 12th Plan period. This scheme aims at taking up further initiatives for sustaining the success achieved in the Centrally Sponsored Scheme for Revamping of Civil Defence Setup in the Country implemented during the 11th Plan period and structure the road map so as to spread the operational preparedness capacity of Civil Defence to 140 additional districts in 32 States/ UTs of the Country with the objective of establishing a Response System based on minimum permanent staff backed by skilled volunteers in all 240 districts identified as Multi Hazard Prone/ Most Vulnerable.

- 2 -

(83)

3. The objectives of the scheme are :-

- (i) To strengthen the achieved targets of the previous scheme on revitalizing Civil Defence organization in the States and create Civil Defence organizations including development of Civil Defence Training infrastructure in such districts/states where it is non-existent.
- (ii) To augment the trained Civil Defence volunteer strength in identified 240 Districts ie 140 Most Vulnerable Districts (MVDs) located either in Seismic Zone 5 or in coastal zone and 100 Multi Hazard Prone Districts (MHDs) included in the previous Scheme.
- (iii) To ensure availability of motivated, trained & equipped Teams of Civil Defence volunteers in 240 MVDs/ MHDs for participation in disaster risk reduction and disaster management activities at community level.
- (iv) To create a pool of trained manpower by enhancing their skills through training in reputed training institutions abroad and in State level Civil Defence Training Institutes.
- (v) To strengthen the institutions of Civil Defence with a view to keep the Civil Defence in forefront in the Disaster Management strategy of the country as the community would remain the first and the foremost responders.
- (vi) To generate publicity & awareness about Civil Defence activities and the role of Civil Defence in Disaster Risk Reduction and Disaster Management across the country by launching extensive media campaigns as well as holding regional workshops.

4. The Project would be implemented and monitored by Directorate General FS, CD & HG under the umbrella of the DM Division, MHA through a Project Monitoring Unit (PMU) established for smooth implementation and monitoring of the scheme. The PMU staff would be responsible to visit the states and UTs to monitor the physical & financial progress of the scheme and advise the States on corrections required, if any. At the State level, the scheme shall be implemented through the Director Civil Defence who, in turn, shall deliver the project through Civil Defence authorities at District level.

5. The tentative component wise and total quantum of funds allocated to each participating State/ UT under the Scheme is at Annexure 'J'. These funds shall be released by this Ministry to the respective State/UTs as grants-in-aid electronically during the scheme period. However, a hard copy of the release advice, followed by the detailed sanction order, shall be forwarded by DG (FS, CD & HG) to the concerned Principal Secretary and the Director Civil Defence by DG (FS, CD & HG) for information and necessary action. The funds shall further be released by the State/UTs to the Director Civil Defence as per their budgetary process. The responsibility for timely utilisation of the allotted funds and submission of Utilisation Certificates (UC), duly countersigned by the competent authority shall rest with the Director Civil Defence. The release of grants-in-aid during the subsequent years shall be based upon submission of UCs for funds released in the preceding years.

6. The project includes components that will involve creation of moveable & immoveable assets through release of Grants-in-Aid to States/UTs. Thereafter, these assets will be operated and maintained, including the recurring costs, by the concerned State/UT. While the procurement of assets shall be the responsibility of respective Director Civil Defence by following all codal formalities and financial prudence, the technical specifications of moveable/ immoveable assets shall be provided by the PMU.

7. You are requested to kindly ensure implementation of the above scheme in your State/UT.

Yours faithfully,

(Sanjay Agarwal)
Director
